Professional Summary:

Experienced Flutter and MERN Stack Developer skilled in creating cross platform mobile apps with Flutter, integrating RESTful APIs, and designing responsive UIs. Proficient in MongoDB, Express.js, React.js, and Node.js for full-stack development, API integration, and database management. Strong problem-solving, communication, and collaboration abilities. Seeking opportunities to leverage expertise in delivering high-quality solutions and driving innovation.

Technical Skills:

- **Frontend:** JavaScript, ReactJs, NextJs14, Tailwind CSS, HTML,
- **Backend:** Java, Node JS, Express Js
- **Devops:** Docker, Kubernetes, Github, Google Cloud
- **Database:** mySQL, MongoDB
- **App Development:** Flutter Basics, MERN stack
- Data Structures and algorithms.

Projects:

[Live Project]Profit Animals – Commercial Website

Tech Stack: JavaScript, React Js, Framer Motion, Tailwind CSS, HTML

- Profit Animals is a responsive website developed using React JS and Framer Motion. The page incorporates visually appealing animations in all components.
- Smooth animations resulted in increased session time by 64%.
- Created from Scratch, and navigations were handled by react router-dom.
- Live Project Deployed: https://theprofitanimals.com/

[Link]Style It – 3D SAAS Website

Tech Stack: JavaScript, React Js, Three Js, Framer Motion, Tailwind CSS, HTML

- SAAS application utilizing Three.js for 3D model integration and React.js for responsiveness. Style
- It enables users to design custom T-shirts with 3D visualization. Framer Motion powers smooth navigation animations.
- 3D models and smooth animations increased daily visitors by 37%.
- Live Project Deployed: [Live Project Link]

Education:

Bachelor of Technology in CSE - Full Stack Development & Blockchain – IBM   2021-2025

Shri Vaishnav Institute of Information Technology

- Java, Python, Software Engineering, Software Development, Software Design, Machine Learning, Artificial Intelligence, UI/UX, Data Analytics, Agile Technology, Cloud Infrastructure, and Advanced DBMS

Class 12 - Prestige Public School, Indore [CBSE]

Percentage: 88.80   2021

Class 10 - Prestige Public School, Indore [CBSE]

Percentage: 89.20   2019

Certifications:

JavaScript, Bootstrap, and PHP- certification for Beginners

Key Skills: Bootstrap, PHP, JavaScript
